

liquidate any existing transaction or position with that counterparty that complied with the limits of this section at the time it was entered. In such a case, however, a Bank may extend any additional unsecured credit to such a counterparty only in compliance with the limitations that are calculated using the lower maximum exposure limits. For the purposes of this section, the renewal of an existing unsecured extension of credit, including any decision not to terminate any sales of federal funds subject to a continuing contract, shall be considered an additional extension of unsecured credit that can be undertaken only in accordance with the lower limit.

(e) *Reporting requirements.* (1) *Total unsecured extensions of credit.* Each Bank shall report monthly to the Finance Board the amount of the Bank's total unsecured extensions of credit arising from on- and off-balance sheet and derivative transactions to any single counterparty or group of affiliated counterparties that exceeds 5 percent of:

- (i) The Bank's total capital; or
- (ii) The counterparty's, or affiliated counterparties' combined, Tier 1 capital, or if Tier 1 capital is not available, total capital (as defined by each counterparty's principal regulator) or some similar comparable measure identified by the Bank.

(2) *Total secured and unsecured extensions of credit.* Each Bank shall report monthly to the Finance Board the amount of the Bank's total secured and unsecured extensions of credit arising from on- and off-balance sheet and derivative transactions to any single counterparty or group of affiliated counterparties that exceeds 5 percent of the Bank's total assets.

(3) *Extensions of credit in excess of limits.* A Bank shall report promptly to the Finance Board any extensions of unsecured credit that exceeds any limit set forth in paragraphs (a), (b) or (c) of this section. In making this report, a Bank shall provide the name of the counterparty or group of affiliated counterparties to which the excess unsecured credit has been extended, the dollar amount of the applicable limit which has been exceeded, the dollar amount by which the Bank's extension of unsecured credit exceeds such limit, the dates for which the Bank was not in compliance with the limit, and, if applicable, a brief explanation of any extenuating circumstances which caused the limit to be exceeded.

(f) *Measurement of unsecured extensions of credit.* (1) *In general.* For purposes of this section, unsecured extensions of credit will be measured as follows:

- (i) For on-balance sheet transactions, an amount equal to the sum of the book value of the item plus net payments due the Bank;
- (ii) For off-balance sheet transactions, an amount equal to the credit equivalent

amount of such item, calculated in accordance with §932.4(f) of this part; and

(iii) For derivative transactions, an amount equal to the sum of the current and potential future credit exposures for the derivative contract, where those values are calculated in accordance with §§932.4(g) or 932.4(h) of this part, as applicable, less the amount of any collateral that is held in accordance with the requirements of §932.4(e)(2)(ii)(B) of this part against the credit exposure from the derivative contract.

(2) *Status of debt obligations purchased by the Bank.* Any debt obligation or debt security (other than mortgage-backed securities or acquired member assets that are identified in §§955.2(a)(1) and (2) of this chapter) purchased by a Bank shall be considered an unsecured extension of credit for the purposes of this section, except:

(i) Any amount owed the Bank against which the Bank holds collateral in accordance with §932.4(e)(2)(ii)(B) of this part; or

(ii) Any amount which the Finance Board has determined on a case-by-case basis shall not be considered an unsecured extension of credit.

(g) *Obligations of the United States.* Obligations of, or guaranteed by, the United States are not subject to the requirements of this section.

PART 933—BANK CAPITAL STRUCTURE PLANS

Sec.

933.1 Submission of plan.

933.2 Contents of plan.

933.3 Independent review of capital plan.

933.4 Transition provisions.

933.5 Disclosure to members concerning capital plan and capital stock conversion.

AUTHORITY: 12 U.S.C. 1422a(a)(3), 1422b(a), 1426, 1440, 1443, 1446.

SOURCE: 66 FR 8310, Jan. 30, 2001, unless otherwise noted.

§933.1 Submission of plan.

(a) *In general.* By no later than October 29, 2001, the board of directors of each Bank shall submit to the Finance Board a plan to establish and implement a new capital structure for that Bank, which plan shall comply with part 931 of this chapter and under which, when implemented, the Bank shall have sufficient total and permanent capital to comply with the regulatory capital requirements established by part 932 of this chapter. The Finance Board, upon a demonstration of good cause submitted by the board of

directors of a Bank, may approve a reasonable extension of the 270-day period for submission of the capital plan. A Bank shall not implement its capital plan, or any amendment to the plan, without Finance Board approval.

(b) *Failure to submit a capital plan.* If a Bank fails to submit a capital plan to the Finance Board by October 29, 2001, including any approved extension, the Finance Board may establish a capital plan for that Bank, take any enforcement action against the Bank, its directors, or its executive officers authorized by section 2B(a) of the Act (12 U.S.C. 1422b(a)), or merge the Bank pursuant to section 26 of the Act (12 U.S.C. 1446) into any other Bank that has submitted a capital plan.

(c) *Consideration of the plan.* After receipt of a Bank's capital plan, the Finance Board may return the plan to the Bank if it does not comply with section 6 of the Act (12 U.S.C. 1426) or any regulatory requirement or is otherwise incomplete or materially deficient. If the Finance Board accepts a capital plan for review, it may require the Bank to submit additional information regarding its plan or to amend the plan, prior to determining whether to approve the plan. The Finance Board may approve a capital plan as submitted or as amended, or may condition its approval on the Bank's compliance with certain stated conditions, and may require that the capital plans of all Banks take effect on the same date.

§ 933.2 Contents of plan.

The capital plan for each Bank shall include, at a minimum, provisions addressing the following matters:

(a) *Minimum investment.* (1) The capital plan shall require each member to purchase and maintain a minimum investment in the capital stock of the Bank, in accordance with § 931.3, of this chapter and shall prescribe the manner in which the minimum investment is to be calculated. The plan shall require each member to maintain its minimum investment in the Bank's stock for as long as it remains a member and, with regard to Bank stock purchased to support an advance or other business activity, for as long as the advance or business activity remains outstanding.

(2) The capital plan shall specify the amount and class (or classes) of Bank stock that an institution is required to own in order to become and remain a member of the Bank, and shall specify the amount and class (or classes) of Bank stock that a member is required to own in order to obtain advances from, or to engage in other business transactions with, the Bank. If a Bank requires its members to satisfy its minimum investment through the purchase of one or more combinations of Class A and Class B stock, the authorized combinations of stock shall be specified in the capital plan, which shall afford the members the option of satisfying the minimum investment through the purchase of any such combination of stock.

(3) The capital plan may establish a minimum investment that is calculated as a percentage of the total assets of the member, as a percentage of the advances outstanding to the member, as a percentage of the other business activities conducted with the member, on any other basis approved by the Finance Board, or on any combination of the above.

(4) The minimum investment established by the capital plan shall be set at a level that, when applied to all members, provides sufficient capital for the Bank to comply with its minimum capital requirements, as specified in part 932 of this chapter. The capital plan shall require the board of directors of the Bank to monitor and, as necessary, to adjust, the minimum investment to ensure that the stock required to be purchased and maintained by the members is sufficient to allow the Bank to comply with its minimum capital requirements. The plan shall require each member to comply promptly with any adjusted minimum investment established by the board of directors of the Bank, but may allow a member a reasonable time to do so and may allow a member to reduce its outstanding business with the Bank as an alternative to purchasing additional stock.

(b) *Classes of capital stock.* The capital plan shall specify the class or classes of stock (including subclasses, if any) that the Bank will issue, and shall establish the par value, rights, terms,
